

Microfilm Frame Numbers —
Records of the Field Offices for the State of Missouri, Bureau of Refugees, Freedmen, & Abandoned Lands, 1863-1872
 (National Archives Microfilm Publication M1908)

The roll information below comes from the “Table of Contents” section of the National Archives Descriptive Pamphlet (DP) for this film set. Frame numbers were added by volunteer Charles Brown, Jr. and staff of the Special Collections Department.

The purpose of this finding aid is to facilitate researchers’ ability to find the beginning frame for a described set or section of records listed in this film’s DP. It is most effective when used with a copy of the DP for this film set which can be downloaded (in PDF format) at www.archives.gov/research/microfilm/m1908.pdf or from the St. Louis County Library Web site, www.slcl.org, by clicking on “genealogy,” then “search,” and use “M1908” for the search term.

WHERE IS A FRAME NUMBER AND WHY IS IT HELPFUL?

The frame number is a small number that appears between the top edge of the microfilm and the top edge of the document image. There is one frame number for each document. Knowing the National Archives microfilm publication number, the roll number, and the frame number enables anyone to find an exact document or an exact place on a roll of film quickly and accurately.

The Special Collections' copy of this microfilm publication was purchased by the Julius K. Hunter and Friends African American Research Collection.
