

Index to *Westliche Post* Obituaries, St. Louis, Missouri: 1880

This index is made possible by the volunteer work of Michael McDermott, working with Special Collections staff. The entries are listed alphabetically by surname, then by given name. The microfilm for this newspaper is available on Tier 4 of St. Louis County Library Headquarters. The [drawer list for Tier 4](#) will tell its specific location.

The *Westliche Post* was a German-language newspaper published in St. Louis from 1857 to 1938. The obituaries are in German, written in a Gothic fraktur script common to that time. A sample image of an obituary and a German obituary word list to assist researchers in deciphering key words can be accessed from the [Index to *Westliche Post* Obituaries](#) Web page.

[Photocopies](#) of these obituaries are available from Special Collections.

Rev 18 June 2008
